ATTEND THE FESTIVAL OF ROSES AT CAMPBELL TODAY

CAMPBELL, THE ORCHARD CITY OF THE FAMOUS SANTA CLARA VALLEY

Campbell INTER-URBAN Press

FOR THE BEST INTERESTS OF CAMPBELL AND COMMUNITY

VOLUME 29, NO. 44. CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, APRIL 25, 1924.

JAP-RUSS ALLIANCE MAY COME QUICKLY

PEEVED BY U. S. EXCLUSION TO HASTEN PACT

NEGOTIATIONS NOW ON SAYS SOVIET LEADER

Moscow Looking to Future Wars Would Strengthen Bolshevik Position By Agreement.—Mutual Advantage Is Seen.

London.—It seems logical that the present situation between the United States and Japan will hasten recognition of Russia, declared Michael Tomsky, chairman of the Russian trades union congress.

Tomsky, who is known as "the Russian Gompers," is in London as a delegate to the Anglo-Russian negotiations under way here.

Commenting on the exclusion of Japanese from the United States, Tomsky discussed the effect on Russo-Japanese relations of a possible estrangement between the United States and Japan.

"With the Anglo-Japanese alliance abrogated, and Japan involved in a disagreement with the United States, it would seem natural that Japan will want to 'protect her rear,' namely, seek an agreement with her huge neighbor Russia," he declared.

"This would, however, be purely a question of peaceful relations between Japan and Russia," he continued, "and would not affect in the slightest degree the relations of either Japan or Russia with the United States. The relations of Russia and Japan are on a somewhat different footing from those of Russia and the United States, although they are equally bad."

Tomsky pointed out that there have been no negotiations between Moscow and Washington, while several abortive attempts have been made at a Russo-Japanese agreement.

"Whether an agreement will eventually be reached between Russia and the United States or whether Japan recognizes Russia, there is not the least likelihood of Russia participating in any dispute," he said.

"Russia is pacifistic," Tomsky concluded. "She not only does not want hostilities with any country, but she hopes to assist the world to reach a real lasting peace."

SEES LABOR IN MOVEMENT TO DISCREDIT GOVERNMENT

Washington.—A union labor movement that has as its object the control of the government, is declared to be manifesting itself in labor's attempt now to discredit the government, by bringing all the activities of the department of justice into general disrepute and it is recalled that when Daugherty secured the injunctions in the rail strike, Gompers and other labor leaders privately stated with unmistakable emphasis that the attorney general would be driven out of office "as a lesson to his successors."

Furthermore, it is said here, labor has unlimited funds to use in elections. Its newspaper, "Labor," is distributed by the hundreds of thousands in state campaigns and was undeniably influential in "putting over" Magnus Johnson for the United States senate.

500 PLEDGE ASSISTANCE TO RESTORATION OF HOLY LAND

San Francisco.—The Palestine of today was pictured by Dr. Weizmann, head of the world movement to repopulate the "promised land" with Jews, as the only refuge for the Jews of southern and eastern Europe, driven into a nomadic life by the post-war persecutions and the pogroms that still exist, despite soviet Russia. Thirty-five thousand of them, he said, have been made into pioneers on a new frontier, and 84 per cent of that 35,000 are physically and mentally fit, for each must pass an examination before he or she is permitted to enter Palestine.

Pleading for Palestine, not as a Utopia, but as a hard-headed, common-sense, business investment, Dr. Weizmann, brough pledges of assistance from 500 San Franciscans at a banquet at the Palace hotel.

Railroad Fined on 9-Hour Law

Chicago.—Entering a fine of $3,000 and costs against the Atchison, Topeka & Santa Fe Railroad, Judge Adam C. Cliffe, in the United States district court, established a precedent which affects virtually every railroad in the country. The railroad was alleged to have worked yardsmasters more than nine hours a day on orders by telephone. The company argued that the telephone messages were information and not orders, but Judge Cliffe held they were plain violations of the law.

ARIZONA'S BORDER CLOSED TO TRAVEL

BAN LIFTED TO LET STRANDED AUTOISTS THROUGH

FUMIGATION ENFORCED QUARANTINE STRINGENT

Eight Hundred Motorists, Held By Closed Border, Allowed to Pass After Disinfection of Their Machines and Persons.

Sacramento.—The travel ban between California and Arizona, temporarily lifted Sunday morning to allow the 800 tourists stranded on the line to pass through, was again enforced.

The tourists were passed after they went through the fumigation station, and the highway again barred to interstate travel on orders of Dr. Edward L. Stam, state quarantine officer, at Phoenix.

All of the Arizona guards, with the exception of nine militiamen stationed on each side of the state's border line, have been withdrawn.

Threatening trouble between the tourists and the guards has been eliminated, dispatches from Arizona say. However, tourists straggling into El Paso from the border line told of the hardships occasioned when they were held up awaiting erection of fumigation stations.

With no new outbreaks of the cattle murrain reported in Los Angeles the slaughter houses there, which have been closed since the quarantine was invoked, were permitted to open.

Under the ruling established by the department, the packers will be forced to kill all animals within twenty-four hours after arrival. Nearly all of the mountain roads leading out of Los Angeles were still closed Sunday and visitors forced to keep clear of forest resorts.

The stringency of the quarantine regulations on travelers has caused many motorists to forsake the highways in order to avoid repeated fumigation and return to eastern homes or conclude business trips by intercoastal plying vessels. The Panama-Pacific liner Finland, Capt. William Munro, which sailed from San Francisco Saturday for New York, carried a number of motorists and their machines in addition to a passenger list of 450 persons.

Similar movement of freight and passengers is reported by other lines plying to the Atlantic seaboard and in the coastwise service.

COASTWIDE COUNTERFEIT RING FOUND IN SAN FRANCISCO

San Francisco.—A woman and three men are being held by the federal authorities for investigation in connection with the activities of a counterfeiting ring that has operated extensively on the Pacific coast. A second woman arrested was released. The arrests led to the discovery of a complete counterfeiting plant and bills in an apartment occupied by one of the arrested men in Haight street. Those being held are: Edward Miller, Harry Indorsky, Mrs. Alice Indorsky and Harold Schwartz.

Miller is said to have been the leader of operations in this city. When arrested, the officers said they found twenty-five counterfeit $20 bills. Other counterfeit bills of $20 and plates of that denomination and $10 bills were found in the apartment of Miller.

BODY FOUND IN SACRAMENTO RIVER ENDS MURDER CHASE

Redding.—Sheriff W. W. Sublett, having checked up on several clews, has declared his belief that the body of a man found in the Sacramento three miles south of Kennett was that of the slayer of Oliva Hamlin. Sheriff Sublett based his statement on the fact that examination of the drowned man's trousers showed them to be of exactly the same color, strips and texture as the blood-stained coat abandoned by the murderer on the banks of the river.

The drowned man wore new shoes, which fitted the murderer's tracks leading down to the river near the spot where the man's body was found. The man was about 35, five feet six inches tall, powerfully built and had dark brown hair.

$25,000 Peace Prize Up

New York.—The World Federation of Education association has offered a prize of $25,000 for the best plan to bring about a better international understanding in eliminating both racial and national hatred. Plans must be submitted before July 1, 1924, to Augustus O. Thomas, president of the association, at Augusta, Me. Each should contain not more than 2,500 words, with an equal number of words added to clarify the statements.

Golden State
News of Interest to All

Frank Freeman, prominent north state attorney, died at San Francisco.

Forecasts set the minimum of those who will visit Lassen national park this season at 25,000.

A movement is on in San Francisco to determine who gets the money paid for the stands which clutter the sidewalks.

Five hundred high school principals reported "present" when the roll was called for the Santa Cruz convention.

Trinity county is paying $130 per month for teaching one child, the sole pupil of the Hawkins Bar school district.

At South San Francisco George Holston, trustee for twelve years and mayor for the last six years, lost by two votes.

Much interest has been created in Placer county over the mining bureau which is to be attached to the Placer county chamber of commerce.

The state convention of supervisors postponed recently on account of the foot and mouth disease, will be held in Chico, May 22 to 24, inclusive.

Several thousand Knights Templar from all part of California gathered at Pasadena for the opening of the order's sixty-sixth annual state conclave.

A survey of mining conditions in the mother lode region will be made this summer by the geological survey and the California state mining bureau.

J. Albert Dole of Pomona was elected illustrious grand master of Royal and Select Masons in California at a meeting of the grand council at Pasadena.

At the old Fox mine on Bald mountain, above Sonoma, two prospectors are reported to have taken out more than forty pounds of solid gold from a six-inch streak.

Decision to reopen the Sacramento Valley bank at Biggs was made at a meeting of a representative of the state bank examiner, depositors and bank stockholders.

Oroville will receive from the Western Pacific a deed for Oliver avenue and the eastern extension of High street. Improvement of the tract is planned by the city.

Twenty-two persons were lodged in the city jail and $2,265 in fines were collected as a result of the activities of the Sacramento dry squad of the police department during March.

Resumption of hydraulic mining on a large scale on the north fork of the Yuba river is pretty well assured, following the completion of the Bullard's Bar dam on the Yuba river.

Thais, daughter of Mr. and Mrs. Jack Mendes of Dunnigan was awarded a solid silver spoon as one of the most perfect babies out of 1,500 at the recent baby show held in San Francisco.

Release of 75,000 gallons of wines, hitherto under confiscation, was ordered by the federal prohibition office in San Francisco upon petition of Frie brothers of Santa Rosa, owners of the Dry Creek winery.

Business and working men of Placerville have organized the El Dorado Mining & Development company, capitalized for $250,000 and have reopened the old Guilford on the Mother Lode three miles from there.

Governor Richardson commuted the sentence of William A. Hard, 17, the Los Angeles youth who was to be hanged at San Quentin penitentiary for the murder of Fred Skeen, October 31, 1923, at Sans Neck, Siskiyou county.

Government and insurance agency detectives are investigating the death at Tudor of Jack Ashford, who was shot by a bandit and his general merchandise store burned. A bandit is thought to have been cremated in the fire.

Discovery of two revolvers wrapped in a blood-soaked sock and two napkins under the floor of the old home of Don Anastacio Feliz in Griffith Park started Hollywood police on an investigation of what is believed to point to a murder mystery.

James Taylor, for twenty-four years treasurer of Monterey county, shot himself to death in the bathroom of a San Jose hotel. He had been removed from the office after being found $7,000 short in his accounts, but the jury disagreed.

More than 1,000 persons visited the California Institute of Technology at Pasadena during the 2-day annual exhibit of buildings and equipment. Many special displays of the intricate machines and equipment used in scientific research were viewed.

Charles F. Dillon, former finance commissioner of Fresno, was found guilty on indictment charging embezzlement in obtaining city discounts for the private use of city officials and employes. In a previous case Dillon was convicted of falsifying public records.

WENDALL THOMAS NEW SAN JOSE C OF C HEAD

(Written by Sanborn Young for the Campbell Interurban Press)

The people of this communitiy are genuinely pleased to hear that Wendell C. Thomas has been appointed Managing Director of the San Jose Chamber of Commerce, for no choice would have met with such general approval throughout the Valley.

Wendell Thomas is a thoroughly representative citizen of Santa Clara Valley, as most of his life has been spent in and about it, and he is very favorably identified with its comemrcial and civic activities, because, through all his very active business career he has never failed to give unselfishly of his time and interest to every worthy community enterprise. Among the important positions which he has held are he Presidency of the Santa Clara County Auto Trades Association, Chairmanship of the San Jose Forum Committee, the Presidency of the Santa Clara County Council of the Boy Scouts of America, Managership of the 1923 Los Gatos Pageant, Directorship of the Los Gatos Chamber of Commerce and head of the highly successful membership campaign, and he has recently been elected President of the Kiwanis Club of San Jose. His service to his country has been along widely different lines, but his loyalty, efficiency, and trustworthiness have been unvarying.

Just as Wendell Thomas has been always in the thick of community affairs, so he is always to be found in the center of a group, a short, forceful figure, topped by a dark Fedora hat, with a hearty grin and a hearty grip, and a black cigar as inevitably a part of him as General Grant's. These are the outward symbols by which the Managing Director of the San Jose Chamber of Commerce is recognized, but they are merely the manifestations of a spirit of genial good fellowship, understanding, and unfailing readiness to put his shoulder against the wheel of civic and social progress. The general feeling is that, in his new capacity and its enlarged scope of activity, he will replace the old distrust and suspicion with a new era of unity and harmony. He rarely makes a speech without including in it—"Remember, we boost Santa Clara County first and our own town second," and there is a confident hope, among all those who have watched his steady and well earned rise to leadership in his community, that we will have a solid phalanx from Palo Alto to Gilroy, from the Santa Cruz Mountains to the Coast Range, repeating and realizing his favorite slogan—"Santa Clara County Consolidated!"

MR. ELLISON ABOUT

Again G. M. Ellison has fooled the doctors. They gave him about three months to gain a partial vision and he has already reached that stage. At a distance he can see better than formerly but is not able to read as he has no glasses fitted for that at this time. The family and friends are pleased to see George walking about the streets again and he will soon be able to resume charge of the Mission Hatchery business, which has been very well managed by Miss Muriel, his right bower, during his absence.

PLANS FOR CAMPBELL ROSE FESTIVAL COMPLETED BY COUNTRY WOMAN'S CLUB

MASONS DECLARED ROYAL HOSTS

The members of Charity Lodge, No. 362, F. & A. M. were hosts Friday evening at a very delightful "Ladies Night."

The Community Room was tastefully decorated with bowls and baskets of flowers and ferns all that is needed to make it a charming place for any function.

The committee had arranged tables for cards and mah jongg and they were soon all in use.

A group of young men from Stanford furnished a program during the evening that was thoroughly enjoyable. There were quartet numbers, vocal and piano solos and two Stanford songs by the group.

The star feature was a stunt by two of the number, one a "speeler" demonstrating a "Radio Robat" as he titled it, and the other was the machine. Both were excellent—the salesman would rival any street vender of patent medicine, or sewing machine agent extant, while the various imitations, given thru the box and loud speaker, supposedly coming over an aerial, were remarkably good and elicited repeated applause.

Punch, cake and ice cream were served by the gentlemen who proved themselves very successful hosts, their guests enjoying a very pleasant evening.

FREE BULLETINS FOR DISTRIBUTION

April 19, 1924.

Harry C. Smith,
My dear Scribe:

Will you be kind enough to advise your readers that I have at my disposal some bulletins, issued by the Department of Agriculture, dealing with the Foot and Mouth Disease, which I will be very pleased to forward to anyone who desires one.

Congress has already voted $1,500,000 to take care of this trouble, and arrangements were made today which will assure the passage next week of a bill appropriating an additional $1,000,000 to be expended, under the direction of the Department of Agriculture, in the control of this disease.

Arrangements have also been made with the Chemical Warfare Division of the U. S. Army to experiment with chlorine gas in an attempt to cure the disease. Several other diseases of animals, as well as human beings, have been successfully checked with this treatment. We are assured that everything will be done by Congress and the government departments to assist the cattlemen of California in the control of this terrible disease.

I also have some very good bulletins on Disease of Apples in Storage. If any of your readers would desire these, I would be pleased to send them.

Very truly yours,
A. M. FREE.

SCHOOL AD FOR TOWN

Architect W. H. Weeks who designed and superintended the construction of the beautiful new grammar school, has just been awarded the contract for two new schools to be built in San Jose at a cost of $500,000. He also was given the Los Gatos Union High School, costing $200,000; the West Side High at Cupertino, and the new $210,000 school, nearly completed, at Mountain View. He received all these on the strength of the beauty of design and construction of the Campbell school. This certainly speaks well for our building and the work of Mr. Weeks.

"All roads lead" no not to "Rome", but to the "Campbell Library" where today the "Festival of Roses" is to be held. From front porch to tea garden in the seclusion of the side yard, will be found a wealth of interesting and attractive articles and amusements.

Plants will beautify the entrance, from which the committe will gladly part to any one for home adornment.

Dainty French nosegays, for which Mrs. W. S. Shelly has a well deserved reputation, will be on sale as well.

For those seeking refreshment, the candy booth and tea garden will fill the need, or the cooked food table will provide attractive dishes for home consumption.

If you wish to entertain a few friends nothing could be nicer than to reserve a table or two at which to play mah jongg or cards. The attractive community room will be used, and a short program of music and readings will furnish additional entertainment.

The proceeds of the festival will all be used in the upkeep of our beautiful new building and it is the ardent desire of the promotors of the Festival that enough money be realized at this time so that the club will not be obliged to devise further means of augmenting the treasury until another club year, for of course expense will continue thruout the summer when the club has a recess.

Contributions or patronage, small or large, will be highly appreciated and it is the intention of each chairman that her department give value received so that future events will be looked forward to with pleasure. Come and enjoy a pleasant hour or more either afternoon or evening or both.

Campbell Girls Lose

The Campbell High girls were defeated by a score of 13 to 7 in a baseball game played with the Santa Clara girls on their diamond. This was a hard fought contest and there were many good hits and plays made although we were out-scored in the end. Santa Clara was several points ahead in the first innings but Campbell rallied and tied the score. At the close Santa Clara had a few hard earned scores ahead of our girls. Although losing this game Campbell defeated Santa Clara by a big score of 20 to 7 in a previous game.

Campbell goes to Morgan Hill Friday and with them goes the support of all the students.

The Campbell players were: Catcher, Mary Lopes; pitcher, Anna Lund; 1b, Ruth Miller; 2b, Amelia Vierra; 3b, Freitas and Eva Rose; lf, Florence Carter; cf, Loraine Suggs; rf, Freitas and Sophie Ferro.

Campbell On Map

Sometimes people are inclined to think that Campbell is a rather small place and not very well known, but apparently knowledge of us has spread abroad if one judges at all by the mail received at the local post-office.

Apparently anything on which the name Campbell appears anywhere or which begins with Camp, comes our way. Within two days pieces of mail bearing the following addresses arrived here:

Sugar Pine, Camp 1, Calif; Campbell Ranch, Golita, Santa Barbara Co., Calif; Campello, Mass.; Campbell Steubens Co., N. Y.; Camp Hill, Ill.; —Campbell St., City, mailed in Oakland, which has a street of that name; and one with a foreign address to go to Sicily, Italy, but in which the name Campbell appeared.

So to postal and mail clerks at least Campbell, California, must loom large on the horizon.

The modern way of freeing the home of the house-fly is by spraying into the air a solution called No-Mor-Fly. We have it in pint cans with sprayer for 65c

Wild Engine Kills Three

Chicago.—Three are lifeless, three perhaps fatally injured and four under arrest following the wild gallop of a runaway engine, which the police believe may have been started by persons either drunk or seeking "fun."

Motorist Beaten By Mob

San Francisco.—Following an automobile accident in which three girls were injured, James Nicholl was severely beaten by a mob. He was arrested on a charge of reckless driving after being treated for his injuries.

Fast Air Mail to Start

San Francisco.—Air mail from San Francisco to New York with delivery there in thirty-three hours will be inaugurated July 1. Postoffice department plans for the night flying schedule are shown in the current issue of San Francisco Business, weekly publication of the chamber of commerce, in a special article by Lewis E. Haas, representative at Washington. Congress has appropriated $1,500,000 for regular air mail flying and $1,250,000 to cover the expense of the night flying.

THOUGHT FOR TODAY

"The world owes all its onward impulses to men ill at ease."

HIGHWAY BILLBOARDS BAN PRAISED

Public interest in the campaign of the San Francisco Real Estate Board to keep the Skyline Boulevard free of bill-boards is gaining increased interest and attention, according to Leslie E. Burke, secretary-manager of the Board. All expresions received by the Board have been in hearty indorsement of its plan to preserve the scenic beauty of the new highway and make it not only California's but one of America's most attractive boulevards.

Among those who have commended the action of the Board is Professor Percy Alvin Martin of the history department of Stanford University, who calls attention to the fact that through the co-operative effort of various public spirited organizations of Portland the Columbia River Highway has been kept free of bill-boards.

"Can we afford to do less in California?" Professor Martin writes. "It has been my good fortune to have visited some of the most famous drives in Europe, especially the Corniche drive on the French Riviera, and the famous drive from Sorrento to Salerno in Southern Italy, but I am confident that when completed our Skyline boulevard need not fear in comparison with either. If properly safeguarded from the encroachment of advertisers it will constitute an asset to this part of the state of incalculable value. On the other hand the esthetic value of the boulevard will be greatly lost if it is defaced with sign boards."

DON'T BLOCK THE ROAD

Since automobile travel is one of the most popular and important diversions of a great majority of people at this time of the year, we feel that one more suggestion along the lines of safety for users of the road will not be amiss. We refer to the practice of one autoist stopping along the roadside to visit with a passing motorist or to look at an accident, or some other such reason.

Where the road is extra wide, it is not so important matter where the passing cars stop, but on our paved highways, it takes car to pass one car when it is parked on the highway, let alone when two are parked almost abreast of each other.

Motorists should bear in mind that although they may want to stop and visit, or pick flowers, or what not, others may want to use the highway for transportation purposes, and care should be taken not to block the road. When a motorists wants to stop and there is already one car parked on the highway in the same vicinity, he should drive ahead a considerable distance so that he will not block the road to general traffic. It takes just a little thought about the rights of others on the highway, and it is believed that a suggestion is sufficient to remedy the evil.

REMEMBER, THIS IS ELECTION YEAR

This is election year. The campaign is on. Candidates are coming around shaking our hands, and telling us how much they want to do for the people. It is to laugh! They have said the same thing before, and behold, taxes are higher than ever.

The politicians are waxing eloquent about the tariff, prohibtion, the league of nations, the world court, pro and con. But look out! It is mere camouflage to get the attention of the voters away from the things nearer home. Keep your hand on your pocketbook.

Taxation is pauperizing ranchers, disrupting business houses and improverishing the nation. The power to tax is the power to destroy. The time to begin is right now. Get acquainted with the public business. Dig into the records. What you find there will astonish you—it may make you mad—but it's a dead mortal cinch you will go to the polls and vote with more enthusiasm than you ever did before.

GOOD WILL

All successful organizations are founded upon good will. It is good-will which makes a business or a school great. Good-will is always the child of service—it must inevitably follow good works. If our schools offer the highest standards of quality and a maintenance of this at all times, then they must grow, and the finest indication of a healthy growth is patron good will.

Our schools prize their patron good-will more than any other factor. For it, there is a pride in accomplishment, when backed by the applause of the spectators.

The Congressional Directory printed a voluminous article on taxation, but Congress failed to illustrate it with a cut.

A friend is a person who tells you of your mistakes if they are worth noticing, and keeps still if they are not.

Town Tales Tersely Told

J. C. Ainsley is enjoying a week's vacation at Carmel.

Miss Geraldine Delbon, of Turlock, was visiting friends in Campbell last week.

J. H. Isham left last week for Medford, Ore., to visit his daughter, Mrs. Dixie Isham Drew.

Richard Farr who is now at Tujunga reports that he is greatly improved in health since his arrival.

Mrs. O. A. Putnam resumed her duties as assistant postmaster Monday after a two week's absence.

Miss Mary Fablinger spent part of her Easter vacation with her sister, Mrs. Winfred Burke, at Turlock.

Miss Alice Joy, of Coalinga, and Thaddeus Joy, of Berkeley, were among the home comers for Easter.

The Moreland Good Will Club will hold its next meeting with Mrs. George Smith, Saratoga Ave., April 30.

Mrs. C. F. Rubell is expected home tomorrow as her mother is rapidly recovering from the effects of her fall.

Miss Miriam Skiff who had recovered from her attack of measles, returned from Capitola Friday with Mrs. F. S. Newcomb.

C. W. Wolff left Wednesday evening for a month's trip to the larger markets of the east in the interests of the J. C. Ainsley Packing Co.

Mr. and Mrs. J. Waite Avery, of Stanford, Conn., were guests at the A. B. Townsend home last week. They expect later to locate in California.

Cambrian School is closed this week owing to an epidemic of measles, all light cases so far. There have also been several cases in Campbell.

Mr.and Mrs. James A. H. Campbell, nee Pearl Townsend are receiving congratulations on the birth of a daughter, Edith Lenore, on April 16.

Miss N. C. Stallman, of San Francisco and Miss Margaret Bromley of Alameda, sisters respectively of Dr. and Mrs. G. E. Stallman, are their guests this week.

The Archie Keesling family motored to Lake County last week for the vacation with relatives and friends. Archie says the black bass in Clear Lake are "jus' cryin' for bait."

Mrs. Carl E. Scholz is here from Palo Alto visiting her mother, Mrs. Anna Sawyer, and her husband's family, while he is in San Antonio, Texas, superintending some radio work for his company at Palo Alto.

The engagement of Charles Gordon Smith and Miss Rowan has been announced in the Stanford Illustrated Review. Charles Gordon is the youngest son of Mrs. Ellen R. Smith and well known to most of the residents of Campbell.

Mr. and Mrs. J. H. Campbell are enjoying a series of vacations and trips this spring having gone to Capitola again Saturday. They returned Tuesday for a short time having accompanied Warren McKenzie on an auto trip along the coast.

SUNDAY SERVICES

Sunday morning the Rev. F. A. Bissell, of Sunnyvale, will occupy the pulpit of the Congregational church, in exchange with Mr. Eckles. Mr. Bissell, has been heard by a number here who consider him an interesting speaker.

At the vesper service at 5:30 there will be lantern slides and a lecture, 'In the Heart of Angola", a very interesting set of pictures. The Missionary society will have the same part of Africa for its study next Thursday.

LIBRARY GROUNDS ATTRACTIVE SIGHT

It is very gratifying to hear the many complimentary remarks being passed upon our new library since the lawn and shrubbery are growing so beautifully.

That corner certainly is a beauty spot and one for which every resident may have a justifiable pride. We all realize that it has cost a generous sum to put it where it is and will continue to cost to keep it nice.

One of our newer citizens, Mr. Rufus Barefoot, landscape gardener and artist, who superintended that work on the C. U. H. S. grounds, set the shrubbery, planted the lawn and has tended it to now free gratis, which has meant a great saving to the club. His labors have certainly born fruit and surely the least that the people can do is to help keep the place attractive.

Twice, sacks of tin cans for the collector have been brought and set under one of the trees, where they were not seen by him and remained for a week, a blot upon the beauty of the grounds. The lot committtee had a neat sign placed on the tree requesting that rubbish should not be placed there and immediately some "would be humorist" mutilated the sign by erasing the "not".

Can we not make a concerted effort to keep the corner clean and attractive. Will you help?

GRANGERS TRAIN FOR FIELD DAY

Miss Olive Hanger opened the lecturer's hour at the grange Tuesday evening with two very pleasing... instrumental... pieces—"Rustle of Spring" and "Woodland Echoes" and Miss Marguarite Pardee sang "When Song Is Sweet" and "Little Land of Dreams" which all enjoyed very much Mr. Harms showed on the black board how an Italian gave a party to seven friends. He had 28 bottles of wine and gave 13 bottles to each of the party. That looks strange but you ask him and he will prove it.

Mrs. Anna M. Schulte recited "That Old Sweet Heart of Mine" and "When Angelina Johnson Comes Swinging Down the Line." Mrs. Schulte is leaving for Los Angles and the grange will miss her pleasing recitations.

S. N. Hedegard and others spoke on the foot and mouth disease quarantine.

The following members were obligated in the first and second degree: Mr. and Mrs. L. B. Davidson, Warren W. Turner, Mrs. Edith B. Turner, Mr. and Mrs. A. M. Standish, and Harry L. Lee. Mr. and Mrs. Leigh Hyatt were taken in on demit fro San Jose grange.

Arrangements are being perfected for the field day meet on the school grounds May 10. All grangers and their friends should come and have a grand good time pitching quoits, baseball, races, ect.

Upon request of the wives of shopmen employed in the Southern Pacific yards at Visitacion, Sheriff T. C. McGovern raided a newly established Chinese gambling house in South San Francisco and arrested eight Chinese and seized a large amount of gambling paraphernalia.

Bob Carville, former dancing partner of Barbara La Marr in the days when she was a cafe performer, was sentenced to one to ten years in San Quentin for slaying Fern Reeder, 19, in an automobile accident at Los Angeles in August.

Charles Florer, former Los Angeles policeman, who shot and killed Ellis Rogers, 16-year-old participant in a boys' craps game, as he fled, with other lads in the game, was sentenced to one to ten years in San Quentin.

Los Angeles Jews pledged $60,000 for the support of the Zionist movement at a mass meeting there addressed by Dr. Chaim Weizmann, president of the World Zionist organization.

Policeman Herman T. Lewis of San Francisco is taking an enforced vacation of three months without pay for beating up a citizen whom he arrested in March.

Advocates of paved streets and money-making concessions won out in the election at Carmel-by-the-Sea, over a ticket put in the field by the city's artists.

EVERY AUTOMOBILE OWNER NEEDS INSURANCE

United States Supreme Court says:—
"The movement of motor vehicles over highways is a constant and serious danger to the public."
If you drive a car you need protection. You cannot always guess correctly what pedestrians will do, or out-guess the other driver, every time. See us at once—take out full coverage in some good strong company. It is not the amount of money you pay for insurance that counts; IT IS THE AMOUNT OF INSURANCE PLUS THE AMOUNT OF QUALITY AND SERVICE YOU GET FOR YOUR MONEY.

Fire Insurance Automobile Insurance Life Insurance
Compensation Insurance Accident Insurance

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.
How often you require to paint is largely dependent upon the paint you use.

THE SHERWIN-WILLIAMS PAINTS

ont last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—*The Sherwin-Williams Paints.*

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

News of Interest to All

The two terminal tunnels of San Francisco's Hetch Hetchy undertaking, the 18.3-mile tunnel in the Sierra below the Hetch Hetchy lake reservoire and the Pulgas tunnel leading to the Crystal Springs lake reservoir, are complete. At the Moccasin creek power house approach the 1300-foot heavy steel pressure pipes conveying the columns of water to the butterfly generating wheels in the power house are being installed.

A statewide campaign to enforce observance of motor vehicle laws will be inaugurated May 1 by the state motor vehicle department in cooperation with city and county authorities. The campaign will specifically deal with enforcement of the headlight, speeding and reckless driving provisions of the motor act, while attention will also be given minor provisions, including hidden and mutilated license plates.

Charges of illegal procedure on the part of the department of California were filed with the national executive committee of the American Legion at the Indianapolis headquarters by Daylight Post, No. 229, of San Francisco, claiming that the department of California violated the constitution of the legion in suspending the charter of the post on account of its stand against the soldiers' bonus.

To the VOTERS OF THE..... 27th SENATORIAL DISTRICT:

I hereby announce my candidacy for the position of State Senator from the 27th District of the State of California.

This announcement and my candidacy are on my own initiative and not at the request of friends or any organization what soever. I am not an unwilling candidate yielding to pressure from others to enter upon a field of public service.

Having dedicated my life to public service I am desirous of functioning as efficiently as possible, and after nine years of full time service as a volunteer worker particularly along legislative lines I now ask your support for an official position that I may serve you more effectively.

My platform has two broad planks:

1. Inlustrial development of Santa Clara County.
2. Human welfare.

My credentials are my past record.

I cordially invite the support of all individuals and organizations who can endorse my platform.

I thank you.

(Mrs.) Josephine Rand Rogers.

Foot and Mouth Disease and Tuberculosis

The California Tuberculosis association in a report to its local associations mentions that in three days one hundred people were given a chest examination in the diagnostic chest clinics held by the Fresno Tuberculosis association. At the same time every available bit of machinery in California was in operation to check foot and mouth disease. It does not take even a vivid imagination to picture the results in controlling tuberculosis if even one-tenth the effort was made in enforcing the anti-spitting ordinance or in refusing to allow the sale of milk from cows suffering with bovine tuberculosis. If it is necessary to disinfect shoes for the purpose of checking foot and mouth disease, what then, about the shoes and tires of go-carts and baby carriages that tramp or roll through sputum covered streets.

Pulmonary tuberculosis is more widely spread through the expectoration of active cases of tuberculosis than through any other channel; carried into homes where sunlight does not reach germ laden rugs it becomes a factor in spreading the disease Tuberculosis in children, especially of the bones, or the intestinal tract is most frequently caused by the child's drinking milk from tuberculous cows. The controversy at present at the border of Arizona and California has considerable comedy attached to it, for every year tramping across the desert, creating a serious health problem wherever they may go, are the migratory, indigent consumptives, handling food, spitting in the public parks, using no precautions for the protection of others. They are far more serious centers of infection.

The economic loss from tuberculosis is just as great with more serious results socially and economically. The report closes by mentioning an effort made in a county now fighting foot and mouth disease. Five years ago an ignorant man in a neighborhood refused hospital care; he was a consumptive in the active stages of the disease. He refused to follow instructions given him, viz., to burn his expectoration. He continued emptying a cuspidor in the yard every morning. Today there are many cases in his neighborhood; both of his children are infected. The state Bureau of Tuberculosis advised the local nurse that the health officer could quarantine him, which he said he would do if the local hospital would detain him. The hospital authorities felt under the law they could not do it. Yet on the boundaries of that county every precaution to guard against foot and mouth disease has been made mandatory. They have, so far, kept the disease out of the county. But by indifference and lack of proper machinery they have a toll of over 2,000 deaths from tuberculosis in eight years.

NOTICE OF SALE OF REAL ESTATE BY EXECUTRIX

In the Superior Court of the State of California, in and for the County of Santa Clara

In the Matter of the Estate of Clara E. Gilliam, Deceased.

Notice is hereby given by Kathryn Crysler Street, executrix of the last will and testament of Clara E. Gilliam, deceased, that she will, as such executrix, sell at private sale to the highest bidder upon the terms and conditions hereinafter mentioned, and subject to confirmation by said Superior Court, on or after Monday, the 28th day of April, 1924, at 10 o'clock A M. of said day, all the right, title, interest and estate of the said Clara E. Gilliam, deceased, at the time of her death in and to the real and personal property hereinafter described, and all the right, title and interest that the estate has, by operation of law or otherwise, acquired other than or in addition to that of said deceased at the time of her death of, in and to the following described real and personal property:

All that certain real property situated in the Town of Los Gatos, County of Santa Clara, State of California, and bounded and particularly described as follows:

Lot No 1 in Block No. 4 of the Almond Grove Addition in the Town of Los Gatos according to a Map of said Addition of record in the office of the County Recorder of Santa Clara County in Book "C" of Maps page 3

The Del Monte Properties Company, Hotel Del Monte, Calif., use Zerolene oils and greases exclusively in their 23 pieces of automotive equipment.

At DEL MONTE service counts too

Equally important with the *quality* of Zerolene, which we believe to be the best oil made for the lubrication of the modern automobile, whether of eastern or western origin and irrespective of price, is the *service* offered by over 700 Standard Oil Company Service Stations and thousands of Zerolene dealers throughout the Pacific Coast states.

A recent letter from the Del Monte Properties Company, Del Monte, Calif., makes this point:

"We operate a fleet of twelve Winton cars in the guest passenger service in addition to quite a fleet of commercial type vehicles, ranging all the way from Fords to five-ton Packard trucks, all of which are lubricated with the Zerolene oils and greases supplied by your company.

"The uniformly prompt and courteous treatment which we have received in connection with this service is a credit to your organization and it is putting it mildly indeed to state that our experience both with your products and service has been highly satisfactory."

ZEROLENE F for FORDS
—the Standard Oil Company's new improved oil for Ford cars, "Feeds Those Oil-Starved Fords."

Big users don't pay tribute to the superstition that there is something mysteriously "better" about "eastern" oils just because they cost more — why should you? Insist on Zerolene, even if it does cost less.

This booklet reports independent service tests of Zerolene made by a number of large users. Ask any Standard Oil Company sales representative or Zerolene dealer for a copy.
